DEPARTMENT COMPUTER SCIENCE
ACTION TAKEN REPORT OF FEEDBACK ABOUT CURRICULUM
Academic Year 2021-22

The feedback committee is functioning in the college and on the give up of each academic yr; feedback is gathered from college students, teachers, alumni and Employers. After receiving the feedback,the feedback committee compiles, analyzes and interprets it. After that, discussions were heldbetween the principal, IQAC Coordinator and Head of department & then the proper motion istaken. This process is divided into following parts:

➢ **Feedback Analysis:**

The College considers the curriculum as the heart of education and finds it important to assess the feedbacks from its stakeholders namely students, teachers, parents and alumni. After receiving the feedbacks in the structured format, the IQAC analyses them and report is prepared.

- Analysis of the results indicates that all the domains have been rated by the students as very to excellent.
- Opportunity for developing skills, Easy availability of study materials and Relevance of the course for providing employability in the curriculum as mostly good
- comfort ability concerning distribution of courses over the duration of the program
- Opportunity for developing skills in the curriculum
- Depth of the curriculum and Availability of instructional hours were rated mostly as very good and excellent
- All the students reported that the teachers provide them with sufficient study materials.

> **Action Taken:**

- The university authorities were intimated about the feedback. Necessary initiatives were taken to well establish computer laboratories and purchase of more computer for the computer laboratories

- To organize soft skills development programs to develop communication skills of staff and students.

- To conduct small scale research projects in the subject 'Environmental Awareness'.

- To arrange practical examinations as per the guidelines of Savitribai Phule Pune University, Pune.

- To Organize Seminars/workshops/conferences for getting knowledge on various topics for computer science students and staff.

- The implementation of Choice Based Credit System (CBCS) led to introduction of Minor electives in the curriculum of each syllabus

- The library subscribed new journals and purchased lot of books and made it available for the students.

- Alumni were appreciated the introduction of CBCS as according to them that has increased the scope of interdisciplinary discussion.

- And some teachers' books have been published so that they can innovate and improvise their teaching learning skills.
